

Meet Scott Dichter

Scott W. Dichter was born in Philadelphia and has lived in Lancaster for over 30 years. Scott graduated with a degree in Mechanical Engineering from the University of Michigan. He continued his education at Cal Tech, where he received his Master's Degree in Materials Science.

Post graduation, Scott applied his degree as a Marine Engineer and Naval Architect for the U.S. Maritime Administration. It was at this time, that he co-authored a publication on computer aided ship design.

Scott spent a majority of his professional career involved in the turnaround of small manufacturing companies. It was this experience where he became familiar with the impact that employee benefits have on the bottom line of organizations.

Scott, what else would you like your clients to know about you?

I have been married to my wife, Lisa, for 35 years. Our daughter, Heather, is 29.

How do you like to spend your free time?

My wife and I are avid golfers. I also enjoy flying, sailing, history, stamp collecting, all the Philadelphia and University of Michigan sport teams, GO BLUE! I also volunteer on the Board for Meadia Heights Golf Club and have been past president of the Lancaster Jewish Community Center.

What was your childhood dream?

To become a Fighter Pilot.

What is your proudest accomplishment?

Getting my pilot's license!

Ok, tell us something most people don't know about you?

I studied acting and performed in community theater. My favorite role was 'Herb Shuttle' in 'Happy Birthday Wanda June'.

What has been your most significant learning experience?

Professionally, it has been the turnaround of companies and business units I was responsible for.

Why did you decide to join the NTI Group?

Definitely because of the quality people and their approach in looking after the best interests of their clients.
